EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Melissa Hayworth on January 26, 2005.

The application has been amended as follows:

Claim 27. The process of claim 24, wherein the first hydrogen-containing gas is added in an amount less than about 50 SCFB.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The primary reason for allowance is that the prior art of record does not disclose or suggest a process as claimed in which the first hydrogen-containing gas is added in an amount less than about 100 SCFB. Applicant's arguments including those presented in the declaration filed on December 17, 2004 indicate that this claimed amount of hydrogen-containing gas is not suggested by the prior art of record.

Art Unit: 1764

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
